

Troop 437 Cookbook

This collection of recipes is being put together to encourage our Scouts to discover the rewarding world of outdoor cooking, the importance of a balance meal, and how putting together good menus and learning cooking skills can add to the enjoyment of the camping experience.

Searching many cookbooks, pamphlets, handbooks, and handouts to select recipes most appropriate for camp use, without being too complicated or requiring an excess of ingredients. Some are good for beginners and others are for more experienced cooks. Certain recipes are suitable for short-term camping, while others require long-term stays or base camp kitchens.

Many Dutch oven recipes have been included, although virtually any baking recipe can be done in a Dutch oven. There is a separate chapter for Trail cooking, but many chapters contain recipes useful for backpacking. Each recipe is formatted into the actual series of steps and actions required to prepare the dish, with all ingredients that are needed to prepare the meal or beverage.

Steps of Cooking

Planning:

Determining number of people coming and how many meals to prepare.

(Emphasis to patrol members that if there is a question bring more food)

Create Menus based on numbers and activities planned.

(Meal must meet the 437 meal requirements)

Prepare checklist to double check that all items are being brought.

Pack food in the order of use.

(ie Sunday's lunch bottom of ice chest, Saturday breakfast on top)

Preparation:

First thing make sure have adequate firewood.

Prepare proper fire for the meal planned.

Soap all pots (bottom and sides) before use.

Put on clean up water to boil while you are preparing food

Process:

Timing is everything:

Start the fire before cook is preparing the food.

(45 minutes to hour)

Cook prepare a mental checklist of what to do before beginning

(This helps to make sure everything is started and finished on time)

Start whatever will take the longest first.

Assistant prepares:

Condiments (lettuce, tomatoes etc.) while the cook is preparing main dish

Serving utensils, dishes and silverware etc.

Cook all ingredients until done.

Say grace before eating

Troop 437 Cookbook

4. Stir quickly with a fork for 1/2 minute, until the dough pulls away from the sides of the bowl and follows the fork around.
5. Place the dough onto a work surface lightly dusted with flour.
6. Gently knead the dough 10 or 12 times, or about 30 seconds. See directions below.
7. Roll out the dough 1/2" thick using a rolling pin, large can or bottle. Use a round cutter or open end of a small can to cut out the biscuits. Dip the cutter in flour and press straight down through the dough.
8. Bake using one of the following methods.

Dutch oven:

The oven should be well seasoned and lightly oiled. Preheat and place the biscuits on the bottom. Cover and place a small quantity of coals on the bottom (8-12 briquettes) and a larger number on the lid (about 20-22 briquettes): 450 degrees F. Bake for about 15 minutes.

Reflector oven:

Prepare a very hot bed of coals. Place biscuits directly on the oven shelf and place near the coals.

Bake for about 15 minutes.

Frying pan:

Use a heavy pan. Oil the frying pan, bottom and sides, and coat with flour by shaking. Set biscuits in the pan and cover. Cook over a low flame or set the pan into some hot coals, covering the lid with coals also. Move the pan around to keep the bottoms of the biscuits from burning. Bake for 5 to 7 minutes, then turn and cook 5 minutes more.

Deep Fry:

Pour about 1/2" of vegetable oil into a pan and heat until very hot. Fry biscuits in the oil until golden brown. Turn and repeat. May also use refrigerated biscuit or bread dough.

Kneading directions:

Turn dough out onto a lightly floured surface. Place hands over dough, curve fingers and push down into dough with heels of the palms. Give the dough a quarter-turn, fold dough over and push down again. Repeat according to recipe directions.

Variations

- a. Buttermilk Biscuits: Add 1/4 teaspoon of baking soda, increase shortening to 1/3 cup and use buttermilk for the liquid. If buttermilk isn't available, add 1 teaspoon of lemon juice or vinegar to each cup of milk, and let stand for 15 minutes.
- b. Whole Wheat Biscuits: Substitute 1 cup of whole wheat flour for 1 cup of the white flour. Increase salt to 3/4 teaspoon and baking powder to 4 teaspoons. Use 3/4 cup of milk.
- c. Biscuit Sticks: Roll out biscuit dough, and cut into 1/2 x 1/2 x 3 inch sticks. Brush with melted butter. Bake normally, but will take less time; about 8-10 minutes.
- d. Fry 1/4 lb of bacon crisp, crumble and add to biscuit mix.

Doughboys

Categories: Breads, Trail

Servings: 4

2 c Bisquick Mix

Water

Butter or Margarine

Jam or Honey

1. Add enough water to the mix to form a stiff dough. Do not add more water than this or the doughboy will fall of the stick.
2. Mix and pat the dough around the ends of 4 sticks. Make each doughboy about 4 in. long by 1/2 in. thick.
3. Hold the doughboy over the fire to toast them slowly for about 10 min. or until the inside is done. Occasionally pat the dough to keep it evenly distributed. If it gets lopsided, it will tend to crack and fall.
4. Pull the doughboys off the sticks gently and fill their cavities with butter, jam, or honey; add other ingredients to taste.

Variations

- a. Form dough into long sticks about 1/2" thick. Wrap in a coil around a green stick and cook over a campfire.

1/2 ts Salt

1 Tb Baking Powder

3 Tb Powdered Milk

2 Tb Butter, melted

1 c Sugar

Water

1. Mix ingredients thoroughly and add water to make a medium dough, not watery.
2. Proceed with one of the following baking methods. Baking time will be approximately 20 to 30 minutes. Test by sticking sliver of wood into dough. If it is done the sliver will come out clean. If not, the sliver will be sticky.

Troop 437 Cookbook

Frying Pan: Divide and drop the dough into 2 greased fry pans and set near the fire for about 20 minutes to rise. Slowly fry the loaves for about 10 minutes. Next prop the pans near the fire, so that it will bake by reflection, until golden brown.

Reflector Oven: Form dough into 2 round loaves. Let sit near the fire for about 20 minutes to rise. Then place in a reflector oven to bake until golden brown.

Dutch Oven: Place dough in a oiled Dutch oven. Cover and let rise near the fire for about 20 minutes. Place a small amount of coals under, and a moderate of coals over the Dutch oven. The dough can be baked as one large loaf or as several small ones.

4. Turn dough onto a floured surface and knead lightly until smooth.
5. Place round on a greased baking tray. With a floured knife score a deep cross, one third of the depth of the dough.
6. Brush with water and sprinkle with a little flour.
7. Bake for 20-30 minutes, or until bread sounds hollow when tapped with the fingers.

Notes

- a. No yeast is used in this bread, Bicarbonate of soda and buttermilk give rise, texture and flavor.
- b. If buttermilk is unavailable use sour milk. Add one teaspoon of lemon juice or vinegar to each cup of milk. Allow to stand 15 minutes before using.

4 c Flour

4 Tb Oil

1 1/2 ts Salt

1 Pk Dry Yeast,

or

1 1/2 ts Baking Powder

1 1/4 c Water, warm

1/2 ts Sugar

2. In a large bowl mix the flour, salt, oil, and baking powder or yeast mixture.
3. Work the flour mixture with your hands, adding water as needed to produce a dough that won't quite stick to your fingers or the bowl. Knead the dough until it is soft, smooth, and elastic.
4. Form the dough into a ball, cover and set in a warm place for about 10-15 minutes.
5. Divide into 12 equally-sized balls. On a floured surface, roll each ball out until it is about 1/8 - 1/4" thick. Shake off excess flour.
6. Using a hot, ungreased griddle or frying pan, cook until bubbles pop up and the tortilla just begins to smoke. Flip it over and cook the second side until it stops steaming, or begins to sag. About 2 minutes per side, until the tortilla is lightly speckled.

Notes

- a. Try to flip only once. Excessive flipping causes the tortillas to become tough.
- b. After flipping, the tortilla should inflate; do not pop it or flatten it.

Troop 437 Cookbook

3. Divide dough into 12 pieces and knead each a couple times until smooth and round. On a floured surface flatten each to 1/4" thick and 4-5" diameter. Use a rolling pin or a glass soda bottle.
4. Cover pita disks with a towel or lid. Put in a warm place and let rise for 20 minutes.
5. Place the disks into a lightly oiled baking pan or directly into the oiled Dutch oven. Turn upside down on baking surface and bake in a hot oven (500 deg F.) for 5-10 minutes, until very lightly browned.

Notes

- a. Work quickly to retain the heat in the oven, cover the oven and don't peek. The rounds of dough will puff up like a balloon, and deflat as they cool.
- b. If they get too brown, they are still good, but they crack when you put stuff in them.
- c. A large, flat, clean and dry stone may be placed in the bottom of the Dutch oven to hold the heat better. The pita rounds may be baked directly on this preheated stone.
- d. 1 cup of the flour may be replace with whoe wheat flour.

Pancakes, Basic

Categories: Breakfast, Breads

Servings: 1

Pancake Mix
Water
1 Tb Oil or bacon grease

1. Follow directions on the Pancake mix package for batter. Add the oil and stir only until the dry ingredients are moistened. There may be lumps left.

Troop 437 Cookbook

2. Batter should be stiff enough to form the thickness of pancake desired when the batter is ladled onto the griddle. Batter is made thicker by adding more dry mix, or thinner by adding more water. Add in tablespoon amounts to avoid adding too much. Batter will thicken as it sits.
3. Lightly oil and preheat a heavy griddle or fry pan. The griddle should be just hot enough to make drops of water dance around the surface when sprinkled onto the griddle.
4. Pour about 1/3 cup of batter per pancake, depending on desired size.
5. Cook until bubbles rising to top of pancake do not close back up and the edges start to appear dry. Then turn with a quick flip with a wide spatula and cook until brown. Turn only once.
6. Top with syrup, powdered sugar, jam.

Variations

- a. Sprinkle one or more of the following to the top of the pancake just before turning; chocolate chips, fresh or dried fruit.
- b. Add about 1/2 cup of cake mix to the batter to add body, flavor and sweetness.
- c. Add Hot Chocolate mix to batter for chocolate pancakes.
- d. A pancake can be used as a roll-up. Roll the pancake around hot dogs, sausage, eggs, hash browns, lunch meats; spread and roll up with peanut butter, jelly or just about anything you use with bread.

1 lb bulk or link sausage (slice up the links)
5 sl fresh bread (any kind)
1 c shredded cheese (such as cheddar or swiss)
6 eggs
2 c milk
1 ts dry mustard
1 ts salt
1 ds pepper

1. In a large skillet, brown and drain the sausage.
2. Grease a 10- x 12- x2-inch baking pan, or a 12-inch Dutch oven. Tear the bread into 1-inch pieces and arrange them evenly in the pan. Spoon the sausage over the bread and sprinkle with the shredded cheese.
3. Beat together the eggs, milk, mustard, salt and pepper and pour it over the mixture in the baking dish. Cover and refrigerate several hours or overnight, if possible.
4. If a baking pan is used, place it into a preheated Dutch oven, setting it on several stones to keep it off of the bottom. Bake for 30 to 40 minutes, or until set. (350-degree F.)

If the recipe is increased allow a little longer baking time.

Variations

- a. Substitute browned corned beef hash or diced ham for the browned sausage. Add raw or sauteed onions or mushrooms and/or chopped, cooked potatoes. For a meatless version, replace the sausage with chopped raw broccoli or spinach. The spinach version is particularly elegant if you use a combination of swiss and feta cheese and add chopped green onions and a touch of tarragon. Thawed, well-drained frozen spinach works fine.
- b. Different cheeses or breads will give the dish a different character.

Preheat a frying pan with a small amount of cooking oil. Break eggs into pan gently. If a hard yolk is desired, fry until top of egg white has started to set up and turn over at this point. If soft yolks, or "Sunny-side up," are desired, put about 3 Tb of water in pan after adding eggs. Put cover on pan and allow the steam to cook the tops of the eggs until the whites are firm, but the yolk will be soft.

Troop 437 Cookbook

Boiled Eggs:

Place eggs in enough water to cover, and bring to a boil. Remove pan from heat and cover. Cooking time is 5 to 8 minutes for soft boiled or 20 minutes for hard boiled eggs. When eggs have cooked remove from water and place in cold water to make removing the shell easier.

Scrambled Eggs:

Warm the pan over medium heat. Add bacon grease or shortening to pan. Beat eggs slightly, add 2 Tb milk if desired, and pour into the pan. Cook to a firm consistency while stirring slightly.

Poached Eggs:

Add water 2 inches deep in a pan. Heat to boiling, then reduce heat to a simmer. Break egg into a cup or dish, then hold close to the water and gently slip egg into the water. Simmer 3 to 5 minutes until cooked the desired amount. Remove from water with a slotted spoon and place on paper towel to drain. Tip: Place mason jar rings, bottom side up, on the bottom of the pot to keep the eggs separate. Use less water, about 1 inch. Break egg into the ring and let cook until done.

* These cooking methods will work with most hot cereals, such as oatmeal or rolled oats, Cream of Wheat and Rice, Malt-O-Meal, farina, etc. The cooking and setting time, and the amount of water needed, will vary depending on the cereal being used, but these methods are very forgiving of the details.

Overnight Breakfast 1:

1. In the evening place the ingredients in a pot or Dutch oven and cover.
2. Place in a hot pit and cover with hot dirt.
3. Uncover in morning. Breakfast is ready.

Overnight Breakfast 2:

1. Place ingredients and boiling hot water in a wide-mouth thermos bottle and close. Or Use any container with a tight lid and wrap it in blankets, clothing or something to insulate it well.
2. Breakfast will be ready in the morning.

Quick Breakfast:

1. Bring water to a hard boil.
2. Put cereal into the water and boil for 1 to 5 minutes. Longer times cook faster, but the risk of over-cooking is greater.
3. Remove from the heat, wrap in an insulator and let set until done, about 20 minutes.
